WORK EXPERIENCE

Ernst & Young – Finance Consulting Athens, Greece

Senior Finance Consultant July 2024-present

- Led transformation projects for the finance umbrella (FP&A, R2R, etc.) aimed at strengthening statutory and management reporting processes and internal controls; defined business requirements for technology implementations including SAP migrations, EPM/consolidation tools, and AI applications.
- Performed gap analyses against industry best practices, improving accuracy of financial information through greater operational efficiency, informed decision-making, and internal control governance.
- Trained, delegated, and maintained oversight over junior team members, equipping them with the skills and knowledge required for their assignments; whilst coordinating and problem-solving with other departments and client contacts.

Ernst & Young – Audit Atlanta GA, USA

Assurance Associate Sept. 2023-June 2024

- Executed financial audits for clients in the Automotive, Real Estate, and Manufacturing sectors.
- Tested internal controls over financial reporting (ICFR) and performed substantive testing on significant accounts using sampling strategies, following US GAAP and IFRS methodologies.
- Developed analytic workpapers leveraging statistical techniques (e.g. regression analysis) to enhance audit efficiency and insight.
- Coordinated with client contacts throughout the audit, promptly resolving matters that required attention in order to meet audit report deadlines of both component and group team requirements.
- Contributed to the preparation of Summary of Audit Differences (SAD) documentation, resolving discrepancies arising from misapplication of accounting principles and complex judgmental issues.

Assurance Intern June-August 2022

EDUCATION

University of Georgia (UGA), Terry College of Business Athens GA, USA
